Overview and Analysis of Campus Operations

Louisiana State University unrestricted operations was reduced by nearly 15 million dollars during FY 2009-10. This included a \$12 million mid year budget cut to their general fund appropriation and a year end spending freeze of \$3,000,000. The other revenue adjustment was for their Lab School for a Minimum Foundation Program formula distribution adjustment. Even with all of these adjustments, their operations are continuing to run efficiently to support their core functions of instruction and research as evident with the vast majority of their expenditures being used to support academic endeavors and their restricted operations continuing to receive grants and contracts.

Budget Adjustments Narrative**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

There were three mid-year budget adjustments (BA-7) approved by the Division of Administration for LSU in the fourth quarter. The first was an increase of \$202,128 for the Truancy Assessment & Service Centers as authorized by the Appropriation Act of the 2009 Legislative Session. The second adjustment was a \$3,000,000 budget cut that was implemented per the Legislative supplemental bill for FY 09-10. The final adjustment was an increase of \$731,099 for the Minimum Foundation Program (MFP) Formula funding allocated by the 2009 Appropriation Act to the LSU Laboratory School. Also, individual college and department realignment of budgets and end of the fiscal year closeout procedures are included in the budget adjustments for this quarter. As described in previous correspondence to the board, LSU experienced greater than expected demand for financial aid programs beginning in FY 09-10. The increase in the other charges expenditure category and the scholarships/fellowships function are year end closeout adjustments to appropriately account for the increase in demand for these programs. These adjustments were made from "Academic" and institutional support functions. Although the Scholarship/Fellowship function is categorized as a "Non-Academic" function on this form, the expenditures are student driven and 100% related to the University's core mission of instruction.

Report on changes to Significant Funding Issues

The revenue adjustments represent the three mid-year budget adjustments (BA-7) approved in the fourth quarter.

Overview of Unrestricted Revenues and Expenditures

Campus: Louisiana State University

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Revenues

The decrease in self-generated revenues is due to the fiscal year end procedure of restricting indirect cost recovered funds, Lab School tuition, and Veterinary Medicine Teaching Hospital revenues in accordance with established LSU Board of Supervisor's policies and procedures.

Expenditures

The reduction of expenditures in the other charges expenditure category and the Scholarships/Fellowships function is attributable to the fiscal year end procedure of transferring graduate assistant tuition exemptions in excess of the operating budget to an institutional restricted indirect cost recovered account.

Overview of Restricted Funds

Campus: Louisiana State University

Report on Restricted Budget

Non-Auxiliary Funds

The figures included in the estimated column for non-auxiliary funds are the actual revenues collected from the previous fiscal year. Most of these funds are one-time or multiyear award funds that are not confined to fiscal year budgets.

All Other Sources - The decrease in revenues for other sources is attributable to the fiscal year end procedure of distributing the interest earnings to Auxiliaries.

Report on Restricted Operations

Federal Grants: The University must incur the expenses and seek reimbursement. Revenue is recognized after the expenses are incurred.

State Grants: Board of Regents grants provide a large part of the funding in advance, which provides positive cash flow for state projects.

Indirect Cost Recovered: The fund balance is comprised of funds that are earmarked to be used as start-up funds for new faculty members, matching funds for grants, high cost maintenance expenses for research equipment or lab renovations, and other unexpected costs. The start-up costs can range from \$100,000 for a researcher in Arts and Sciences to \$500,000 for researchers in Engineering to amounts in excess of \$3M for an internationally renowned researcher in Basic Sciences.

Overview and Analysis of Campus Operations

Louisiana State University unrestricted operations was reduced by nearly 15 million dollars during FY 2009-10. This included a \$12 million mid year budget cut to their general fund appropriation and a year end spending freeze of \$3,000,000. The other revenue adjustment was for their Lab School for a Minimum Foundation Program formula distribution adjustment.

Even with all of these adjustments, their operations are continuing to run efficiently to support their core functions of instruction and research as evident with the vast majority of their expenditures being used to support academic endeavors and their restricted operations continuing to receive grants and contracts.

Budget Adjustments Narrative**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

There were three mid-year budget adjustments (BA-7) approved by the Division of Administration for LSU in the fourth quarter. The first was an increase of \$202,128 for the Truancy Assessment & Service Centers as authorized by the Appropriation Act of the 2009 Legislative Session. The second adjustment was a \$3,000,000 budget cut that was implemented per the Legislative supplemental bill for FY 09-10. The final adjustment was an increase of \$731,099 for the Minimum Foundation Program (MFP) Formula funding allocated by the 2009 Appropriation Act to the LSU Laboratory School. Also, individual college and department realignment of budgets and end of the fiscal year closeout procedures are included in the budget adjustments for this quarter. As described in previous correspondence to the board, LSU experienced greater than expected demand for financial aid programs beginning in FY 09-10. The increase in the other charges expenditure category and the scholarships/fellowships function are year end closeout adjustments to appropriately account for the increase in demand for these programs. These adjustments were made from "Academic" and institutional support functions. Although the Scholarship/Fellowship function is categorized as a "Non-Academic" function on this form, the expenditures are student driven and 100% related to the University's core mission of instruction.

Report on changes to Significant Funding Issues

The revenue adjustments represent the three mid-year budget adjustments (BA-7) approved in the fourth quarter.

Overview of Unrestricted Revenues and Expenditures

Campus: Louisiana State University

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Revenues

The decrease in self-generated revenues is due to the fiscal year end procedure of restricting indirect cost recovered funds, Lab School tuition, and Veterinary Medicine Teaching Hospital revenues in accordance with established LSU Board of Supervisor's policies and procedures.

Expenditures

The reduction of expenditures in the other charges expenditure category and the Scholarships/Fellowships function is attributable to the fiscal year end procedure of transferring graduate assistant tuition exemptions in excess of the operating budget to an institutional restricted indirect cost recovered account.

Report on Restricted Budget

Non-Auxiliary Funds

The figures included in the estimated column for non-auxiliary funds are the actual revenues collected from the previous fiscal year. Most of these funds are one-time or multiyear award funds that are not confined to fiscal year budgets.

All Other Sources - The decrease in revenues for other sources is attributable to the fiscal year end procedure of distributing the interest earnings to Auxiliaries.

Report on Restricted Operations

Federal Grants: The University must incur the expenses and seek reimbursement. Revenue is recognized after the expenses are incurred.

State Grants: Board of Regents grants provide a large part of the funding in advance, which provides positive cash flow for state projects.

Indirect Cost Recovered: The fund balance is comprised of funds that are earmarked to be used as start-up funds for new faculty members, matching funds for grants, high cost maintenance expenses for research equipment or lab renovations, and other unexpected costs. The start-up costs can range from \$100,000 for a researcher in Arts and Sciences to \$500,000 for researchers in Engineering to amounts in excess of \$3M for an internationally renowned researcher in Basic Sciences.

Overview and Analysis of Campus Operations

In the aggregate, revenues collected and expenditures incurred to date have generally fallen in line with available budget. In the unrestricted budget, Other compensation (student labor) expenditures were low relative to budget as the Law Center was very conservative in this expenditure category in anticipation of current year budget reductions. Supplies purchases were higher relative to budget due to the need for instructional computer (less than \$1,000 each), and software upgrades. Acquisition purchases were higher relative to budget due to the need for educational technology and server upgrades.

The restricted fees were associated with the collection of student tech and student bar association fees. The state contract revenues were associated with an agreement between LSU Law and the LA Public Defender Board. Revenues from sales and services of educational activities were realized through the sale of books and course materials. Private grant revenues were attributed to a grant from the MacArthur Foundation.

Report on Restricted Operations

The restricted fees were associated with the collection of student tech and student bar association fees. The state contract revenues were associated with an agreement between LSU Law and the LA Public Defender Board. Revenues from sales and services of educational activities were realized through the sale of books and course materials. Private grant revenues were attributed to a grant from the MacArthur Foundation. The reduction of expenditures in the fourth quarter from restricted and sales and services sources were the result of transfers to the unrestricted budget.

Overview and Analysis of Campus Operations

Pennington Biomedical Research Center received two general fund budget reductions during FY 2009-10 totaling \$1,249,601 or 8.4% of their beginning operating budget.

Even with these cuts, PBRC maintained operations by reducing operating expenses for the year.

PBRC's restricted operations are proceeding as initially expected.

Overview and Analysis of Campus Operations

As you know, the core mission of the LSU AgCenter is to support agricultural and natural resource-based industries across the state. Programs targeting improved health and welfare, youth development, family success, community sustainability and conservation of soil and water resources are delivered through relevant research projects and educational endeavors conducted by the LSU AgCenter's Experiment Station and Extension Service.

With reduced state dollars, maintaining those vital programs is becoming increasingly difficult. For example, operating budgets (supplies, travel, etc.) for some of our units were cut by as much as 50 percent. These cuts already severely curtail our ability to successfully deliver research and extension educational programs across the state.

To partially compensate for the losses and support our life-changing programs for Louisiana citizens, the LSU AgCenter continues to emphasize external grant funding as a means of enhancing revenues. The potential for grant funding also is given consideration in managing attrition and the resulting vacancies. Many of our faculty members already support major portions of their research programs through grant funding, and many positions in the AgCenter are funded partially or totally through such grants.

In addition to grant funding, a major focus of the Extension Service has been increasing local support for our programs and operations. Most parishes in the state traditionally have assisted by providing office space and other services, and some have gone much further. Recently, we have met with local officials in every parish and asked them to increase their support. As a result, virtually all parishes have achieved at least a level of 10 percent support for the Extension Service operations in those parishes, and our Extension Service administrators are working on plans to increase those levels of local support even further.

Finally, as another cost-cutting measure, we are continuing the freeze on any general employee merit increases for classified staff or faculty members, and we implemented another retirement incentive plan for the 2010 fiscal year. Although the LSU AgCenter is not proposing a furlough of employees at this time, we hope the savings generated by other measures create a pool that will position the AgCenter to better meet anticipated budget shortfalls and to realign programs.

The process is a difficult one. Without a doubt, our ability to deliver the level and range of research and educational programs to which the public is accustomed will be affected. But we intend to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

Budget Adjustments Narrative**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

1st Quarter: First quarter budget adjustments moved funds from non-academic to academic units. The budget adjustments in the first quarter "Expenditures by Function " show funding for student labor being moved from institutional support to research and academic support .

2nd Quarter: Second quarter budget adjustments moved funds from non-academic to academic units. The majority of the budget adjustments in the second quarter where again for student labor being moved from institutional support to research support.

3rd Quarter: Third quarter budget adjustments reflects the midyear budget cut of \$5,946,137 or 5.6% of our state appropriation with reductions across all functions.

4th Quarter: The fourth quarter budget adjustments reflects the year end budget cut of \$1,347,045 or 1.9% of our balance of state appropriation. It does not reflect the additional reduction in revenues of \$430,359 in statutory dedicated funds collection short fall.

Report on changes to Significant Funding Issues

1st Quarter: No significant funding issues.

2nd Quarter: No significant funding issues in the second quarter except for the midyear budget cut of 7.56%.

3rd Quarter: Major budget reduction of 7.56% or \$5,946,137.

4th Quarter: An additional budget reduction of 1.3 million or 1.9%

Overview of Unrestricted Revenues and Expenditures

Campus: LSU Agricultural Center

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

1st quarter: No significant variances.

2nd Quarter: No significant variances.

3rd Quarter: No significant variances.

4th Quarter: Self generated sales were down to lower commodity yields and prices.
Additional reduction in revenues of \$430,359 in statutory dedicated revenues or 5.5% reduction due to short fall in actual taxes collected.

Overview of Restricted Funds

Campus: LSU Agricultural Center

Overview of Restricted Funds

Campus: LSU Agricultural Center

Report on Restricted Budget

1st Quarter: The first quarter of All Other Sources of Restricted Funds appears to be high due to a large royalty payment. This large royalty payment was due to an exceptionally good year for one licensed technology along with a newly negotiated increase in the royalty rate on that same technology. The Estimated Revenues of the All Other Sources, which is based on FY 2009 revenues, included last year's royalty income which was down due to issues related to seed production for the Clearfield rice technology.

2nd Quarter: Restricted revenues seem to be where expected.

3rd Quarter: Restricted revenues seem to be where expected.

4th Quarter: Restricted revenues seem to be where expected.

Overview and Analysis of Campus Operations

Louisiana State University - Eunice unrestricted budget decreased by 316,892 due to a midyear budget cut, year end spending freeze, and a transfer of budget authority with LSUA. Even though there are slight variances with their expenses and anticipated budget, LSUE's unrestricted operations are well within their revenues .

LSUE's ending restricted operations varied slightly during the year, but their final fund balance shows no discrepancies. In addition, their auxiliaries are all positive for the year.

Budget Adjustments Narrative**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.****Report on changes to Significant Funding Issues**

LSU Eunice had a midyear budget reduction of \$491,892. The changes reflect how LSU Eunice allocated the reduction. See the midyear budget reduction report for more details.

LSU Eunice had a significant enrollment increase which generated more tuition; therefore, LSU Eunice increased the self-generated revenue by \$275,000.

LSU Eunice had a budget reduction of \$100,000. The changes reflect how LSU Eunice allocated the reduction.

Overview of Unrestricted Revenues and Expenditures

Campus: LSU Eunice

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

The large amount of Other Charges during the 2nd quarter is due to TOPS expenditures having been posted. The negative amount of Other Charges during the 3rd quarter is due to TOPS revenue received for the 2nd quarter expenditures.

The increase in Professional Services during the 4th quarter is due to an increase in legal services and professional contracts for maintenance projects.

The significant increase in Acquisitions and Major Repairs in the 4th quarter is due to the fact that the university waited until the end of the fiscal year to purchase equipment and handle deferred maintenance issues on campus based on the availability of funds.

Report on Restricted Operations

The federal grants and contracts expenditures increased during the 3rd quarter because the Spring '10 pell expenditures were recorded.

LSU Health Sciences Center - New Orleans
Executive Summary
FY2009-2010 Quarterly Report on the Budget – 4th Quarter Activities

- The revised operating budget for Fiscal Year 2009-2010 was \$179,817,159 for the LSU Health Sciences Center-New Orleans.
- This reflects mid year reductions of \$6,249,206 and \$2,200,000. The revised operating budget for FY 2009-2010 was \$20.5 million or 10.2% less than the original operating budget for FY 2008-2009.
- \$3.2 million in unfunded mandates further stressed our operating budget. These items include an increase in risk management premiums; the legislative auditor allocation; active and retired employee health insurance premiums; annualization of 2008-2009 classified merit increases; and operating expenses associated with the reoccupation of the Medical School building at 1542 Tulane Avenue.
- We also had shortfalls of \$.3 million in the SELF Fund and \$1.7 million in the tobacco tax fund to contend with that were not anticipated when we initially put together the operating budget.
- We managed our operating budget expenditures within available revenues.
- The anticipated growth in restricted revenues materialized as we realized 101.6% of our goal.
- Our overall restricted fund balances declined by \$4.6 million. This was a result of a combination of meeting almost \$8.5 million in state general fund reductions and continuing to make investments in improving our infrastructure to attract and retain quality faculty, students and staff.
- A budget amount for Indirect Cost Recoveries was added during the fourth quarter. This is consistent with the BOR-3 Budgeted form submitted as part of the 2010-11 Operating Budget. Although there is double counting between indirect cost recoveries and federal, state, local and private grants and contracts, not including indirect cost recoveries gives less than a complete picture of our restricted revenues.

LSU Health Sciences Center New Orleans

Overview and Analysis of Campus Operations

LSU Health Sciences Center - New Orleans' unrestricted operating budget was reduced \$7,903,777 for FY 2009-10. This included two general fund cuts totaling 8,449,206 (or -10.2% of general fund) and an increase to self-generated budget authority (545,429) for additional enrollment at HSCNO. To cover this large reduction, HSCNO reduced their support budget in the third and fourth quarter.

HSCNO's restricted operations are inline with their estimated revenues and expenses.

Use next page for Detailed Explanation

Operating Budget Development**Campus:****LSU Health Sciences Center New Orleans****Budget Adjustments Narrative****Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

- 3rd Quarter-adjustments reflect the mid-year budget reduction to State General Funds. The impact of the reductions was discussed in more detail in the executive summary for the 2nd quarter. During the third quarter, an internal budget adjustment in the School of Graduate Studies resulted in increasing Instruction and Other Compensation (\$103,982) and decreasing Scholarships/Fellowships Other Charges (\$103,982).
- 4th Quarter- adjustments reflect the impact of the 2nd mid-year budget reduction to State General Funds (-\$2.2 million) and an increase (\$545,429) in self-generated funds as a result of unanticipated enrollment growth. Some funds were reallocated to Operation and Maintenance from Institutional Support.

Report on changes to Significant Funding Issues

- There were shortfalls in SELF fund revenues (\$.3 million) and Tobacco Tax revenues (\$1.7 million) that were beyond our control.

Overview of Unrestricted Revenues and Expenditures

Campus: LSU Health Sciences Center New Orleans

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

- We managed our operating budget expenditures within available revenues.
- Revenues
 - Statutory Dedications- Actual collections of Tobacco Taxes and SELF funds are below appropriated levels. Revenues from the Higher Education Initiatives Fund equaled our appropriation.
 - Interagency Transfers- This category reflects actual reimbursement from the LSU Interim Hospital, Earl K. Long Medical Center and University Medical Centers for services rendered by our faculty for medical direction and residency supervision.
- Expenditures
 - Overall expenditures were constrained by the hiring freeze and the expenditure freeze during the 4th quarter of the fiscal year.
 - Because we did not realize our entire appropriation for tobacco taxes, the pass through to the Cancer Consortium was less than what was budgeted. This is reflected in Research and Public Service.
 - Scholarships and Fellowship expenditures were significantly greater than the budgeted amount for this function. Not enough funds were budgeted for items such as the Rural Track Scholarship program. This issue was addressed in FY 2010-11 Operating Budget.
 - The major repairs category included needed repairs to the Dental School and Medical School buildings.

Report on Restricted Budget

- A budget amount for Indirect Cost Recoveries was added during the fourth quarter. This is consistent with the BOR-3 Budgeted form submitted as part of the 2010-11 Operating Budget. Although there is double counting between indirect cost recoveries and federal, state, local and private grants and contracts, not including indirect cost recoveries gives less than a complete picture of our restricted revenues.

Report on Restricted Operations

- We believe that current balances by source are adequate for cash flow and operations.
- The anticipated growth in restricted revenues materialized as we realized 101.6% of our budgeted goal.
 - o We fell short in Auxiliary Enterprise revenues. This was discussed in greater detail in the Auxiliary Fund Balance report submitted as part of our 2010-11 Operating Budget. The cause for the revenue declines in Bookstore and Printing were probably a result of the expenditure freeze on departmental purchases of office supplies and the loss of the forms management contract with LSU Interim Hospital.
 - o All Other Sources fell short as a result of lower interest rates and funds available for investment.
 - o We were overly optimistic regarding increases in Federal grant and contract revenues. We were awarded about \$9 million in ARRA stimulus funds for research from the NIH but only spent \$3.8 million in FY 09-10. There was growth over FY 08-09 (2.7%) but not as much as anticipated.
- Our overall restricted fund balances declined by \$4.6 million. This was a result of a combination of meeting almost \$8.5 million in state general fund reductions and continuing to make investments in improving our

LSU Health Sciences Center - New Orleans
Executive Summary
FY2009-2010 Quarterly Report on the Budget – 4th Quarter Activities

- The revised operating budget for Fiscal Year 2009-2010 was \$179,817,159 for the LSU Health Sciences Center-New Orleans.
- This reflects mid year reductions of \$6,249,206 and \$2,200,000. The revised operating budget for FY 2009-2010 was \$20.5 million or 10.2% less than the original operating budget for FY 2008-2009.
- \$3.2 million in unfunded mandates further stressed our operating budget. These items include an increase in risk management premiums; the legislative auditor allocation; active and retired employee health insurance premiums; annualization of 2008-2009 classified merit increases; and operating expenses associated with the reoccupation of the Medical School building at 1542 Tulane Avenue.
- We also had shortfalls of \$.3 million in the SELF Fund and \$1.7 million in the tobacco tax fund to contend with that were not anticipated when we initially put together the operating budget.
- We managed our operating budget expenditures within available revenues.
- The anticipated growth in restricted revenues materialized as we realized 101.6% of our goal.
- Our overall restricted fund balances declined by \$4.6 million. This was a result of a combination of meeting almost \$8.5 million in state general fund reductions and continuing to make investments in improving our infrastructure to attract and retain quality faculty, students and staff.
- A budget amount for Indirect Cost Recoveries was added during the fourth quarter. This is consistent with the BOR-3 Budgeted form submitted as part of the 2010-11 Operating Budget. Although there is double counting between indirect cost recoveries and federal, state, local and private grants and contracts, not including indirect cost recoveries gives less than a complete picture of our restricted revenues.

Budget Adjustments Narrative

Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.

Quarter 1: No Adjustments

Quarter 2: The budget adjustment between Instruction and Research is for Biochemistry and Cancer Center.

Quarter 3: The mid-year budget reduction of \$4,117,418 in State General Funds is reflected in the numbers above.

Quarter 4: The budget adjustments reflected above are due to the BA-7 #6 and support of various plant funds.

Report on changes to Significant Funding Issues

Quarter 1: No Report

Quarter 2: No Report; The mid-year budget reduction of \$4,117,418 is not reflected in the numbers above -- will be reflected in Quarter 3

Quarter 3: The mid-year budget reduction of \$4,117,418 in State General Funds is reflected in the numbers above. The projected end of year budget reduction of \$250,000 and the projected reduction in SELF Funds of \$210,563 are not included in the numbers above -- should be reflected in Quarter 4.

Quarter 4: The 4th quarter revenue and expenditure budgets include the following adjustments according to BA-7 #6: SGF Direct reduction of \$250,000; Tuition and Fees increase of \$800,000; Medicare increase of \$9,277,239; Commerical-Self Pay decrease of \$1,611,717; for a total adjustment of \$8,215,522.

Report on Quarterly Activities

Quarter 1: No report

Quarter 2: The 2nd quarter restricted revenues are up due to an increase in the sales & services and grants & contracts.

Quarter 3: The 3rd quarter restricted revenues in sales and services of educational activities increased due to physicians' charges being recorded as follows: (Q1=July and August, Q2= September and October, Q3= November, December, January and February). The credit in all other sources is due to a change in the revenue groupings which was adjusted in the 3rd quarter.

Quarter 4: The cumulative revenue for FY 2009-2010 is above the estimated revenues primarily due to self-generated revenues from hospital patient collections.

Operating Budget Development

Campus: LSUHSC-EA Conway

Budget Adjustments Narrative

Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.

Quarter 1: No variances or program adjustments

Quarter 2: No variances or program adjustments

Quarter 3: Budget adjustments include a mid-year budget adjustment for \$885,272 in State General Funds. The cut was applied to personnel services and related benefits from freezing vacant positions.

Quarter 4: The net increase is the result of the BA-7 #6 to adjust the means of finance for Commercial/Self Pay and Medicare and the reduction of State General Funds.

Report on changes to Significant Funding Issues

Quarter 1: No report

Overview of Restricted Funds

Campus: LSUHSC-EA Conway

Report on Quarterly Activities

Quarter 1: No Report

Quarter 2: Sponsored Grants: Some of the contracts were still in the process of being negotiated during the first quarter; therefore, additional revenue collections occurred during the second quarter. Physicians & CRNA: Revenue for the first quarter includes two months, whereas, the second quarter includes three months.

Sales and Services Other: 2nd Quarter reflects a correction to a 1st quarter posting.

Quarter 3: Sales and Services Other: The decrease in revenue is due to the transfer from the restricted account to plant funds for approximately \$478,000. This is composed of \$191,000 for a dietary hood and \$287,000 for water line replacement.

Quarter 4: The actual total revenue is above the estimates due to self-generated revenue from physicians/CRNAs collections and hospital collections.

Operating Budget Development

Campus: LSUHSC-Huey P Long

Budget Adjustments Narrative

Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.

Quarter 1: No Report

Quarter 2: Expenditures by Object: The second quarter reflects the transfer of ORM premium budget from Operating Services to IAT and a realignment of budget from Other Charges to IAT.

Quarter 3: The third quarter reflects the mid-year budget cut in State General Funds, which was applied to personnel services and related benefits by freezing vacant positions.

Quarter 4: The fourth quarter reflects BA-7 #6 for the year-end budget cut in State General Funds, which was applied to operating supplies and professional services.

Report on changes to Significant Funding Issues

Quarter 1: No Report

Quarter 2: No Report; The mid year budget reduction of \$959,233 is not reflected in the numbers above -- but will be reflected in Quarter 3.

Quarter 3: The third quarter reflects the mid-year budget cut in State General Funds, which was applied to personnel services and related benefits by freezing vacant positions. The projected end of year budget reduction of \$349,249 is not included in the numbers above -- should be reflected in Quarter 4.

Quarter 4: The fourth quarter reflects BA-7 #6 for the year-end budget cut in State General Funds, which was applied to operating supplies and professional services.

Overview of Unrestricted Revenues and Expenditures

Campus: LSUHSC-Huey P Long

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Quarter 1: No Report

Quarter 2: The mid year budget reduction of \$959,233 is not reflected in the numbers above -- but will be reflected in Quarter 3.

Revenues: The hospital received its first UCC payment of \$21M in October as reflected under Interagency Transfers. Expenditures by Category: Total Personal Services are up in the second quarter due to a third payroll in December. Professional Services are up in the second quarter due to timing of payments based on received invoices. Other Charges-IAT increased for the second quarter due to the first of three installments being paid to ORM. Acquisitions increased due to the one time purchase of medical equipment.

Quarter 3: Revenues: The mid-year budget cut of \$959,233 was taken in State General Funds. The projected end of year budget reduction of \$349,249 is not included in the numbers above -- should be reflected in Quarter 4. Two UCC payments have been received in FY 2010: Q2=\$21M and Q3=\$1.5M. After adjusting for the UCC payments, Interagency Transfers, Self Generated, and Federal Funds reflect an increase in quarter 3 due to the timing of the revenue postings for the months of July 2009 through February 2010. Expenditures by Category: Mid-year cut was applied to personnel services and related benefits. Professional Services are up in the third quarter due to timing of payments based on received invoices. Other Charges-IAT increased for the third quarter due to the second of three installments being paid to ORM.

Quarter 4: Revenues: The year-end budget cut of \$267,275 was State General Funds Direct. Expenditures by Category: The year-end cut was applied to operating supplies and professional services. Salaries and related benefits are up in the fourth quarter due to a third payroll in June 2010. Operating Expenses are down due to proclamation by the governor to freeze travel and supply expenses early in the fourth quarter. Professional Services are down in the fourth quarter due to increased third quarter activity. Other Charges-IAT decreased for the fourth quarter due to one time payments made in the third quarter.

Overview and Analysis of Campus Operations

The LSU Board of Supervisors and System Office had two general fund budget reductions during FY 2009-10. The midyear budget cut (\$711,868) occurred during the third quarter and the year end budget cut (292,618) was enacted during the end of the fourth quarter. For the year-end budget cut, the System Office reduced travel, operating services, and supplies to cover this reduction. Expenditures were inline with initial budget expectations except for the passthroughs which initially were reported as other charges.

The LSU System Restricted Operations have not changed significantly except for all other sources. This is mainly due to a timing issue with the LSU System Health Plan's revenues and expenditures.

Use next page for Detailed Explanation

Budget Adjustments Narrative**Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.**

The fourth quarter budget adjustments are due to 1) the year-end budget cut of -292,618 and 2) adjustment budget to match IAT Passthrough expenditures Truancy Assessment, ACRES, DNA Storage, and Fire and Emergency Training. The large transfer from Other Charges to Operating Services and Professional Services are from these passthroughs. As mentioned throughout the year, these passthroughs were originally budgeted as Other Charges.

Report on changes to Significant Funding Issues

All of higher education received a 7.56% midyear budget cut to general fund i(effective third quarter) and a year end spending freeze of \$292,618 was enacted for the System office.

Overview of Unrestricted Revenues and Expenditures

Campus: LSU System Office

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

All of the LSU System's Statutory Dedications were drawn in the first quarter. Statutory dedicated funds were over credited to our account during the first quarter, but this was corrected in the second quarter.

The large credit to related benefits is the annual transfer of related benefits to the appropriate accounts.

The large increase in spending in Operating Services and Professional Services are the Interagency passthroughs such as ACRES, Truancy Assessment, and DNA Storage and Sequencer being recorded .

All other objects and functions are in line with budget expectations.

Report on Restricted Budget

On the Overview of Restricted Funds form, first quarter revenue is as anticipated, with the largest portion of the revenues associated with premiums for the LSU Health Plan. The private grant is from the LSU System Research and Technology Foundation to reimburse System support to the foundation. At the end of the year, this account will have a zero balance.

The LSU System Restricted Operations have not changed significantly except for grants and contracts. State and Local Grants revenue and expenditure increased by \$1,650,745 from the Board of Regents Capitation and Educational Stipend Program(1,612,000) and Community Awareness H1N1 State Grants(44,370).

Revenues during the fourth quarter:

Tech Transfer	\$415,155
Cigna	\$29,766,048
Mineral Revenues	\$ 6,810
Benefit Plan	\$295,014

Report on Restricted Operations

On the Overview of Restricted Operations form, the all other sources account/fund balance includes funds for (1) the appropriated Electronic Medical Record program including interest earned, (2) the System Technology Transfer activity, (3) associated with the operation of the System Human Resource Benefits Office, (4) royalty income from System mineral leases, (5) the LSU System Health Plan, and (6) other operational balances.

The LSU System Restricted Operations have not changed significantly except for grants and contracts. State and Local Grants revenue and expenditure increased by \$1,650,745 from the Board of Regents Capitation and Educational Stipend Program(1,612,000) and Community Awareness H1N1 State Grants(44,370).

LSU Health Care Services Division

DATE: August 13, 2010

RE: Quarterly Budget Report
For Quarter Ended June 30, 2010

We have compiled the Quarterly Budget Report for the June 30, 2010, for the LSU Health Care Services Division.

Major developments during this quarter included:

Budget Adjustments:

In order to process payments for FY10 excess expenditure budget authority was moved among hospitals. The net effect of this movement for the system is zero.

- o Earl K. Long Medical Center (\$1,500,000)
- o Lallie Kemp Medical Center (\$500,000)
- o Washington St. Tammany Regional Medical Center (\$1,000,000)
- o Medical Center La. - New Orleans \$2,900,000
- o W. O. Moss Medical Center \$100,000

Actual:

Operating Budget – The FY10 cash surplus resulted from a combination of two factors. The first factor is due to more aggressive efforts to collect all available revenue. Additionally, HCSD received some one-time, unanticipated revenue, such as FEMA reimbursements for prior years’ expenditures and Medicare cost reports. As a result, Means of Financing collections were higher than originally estimated by approximately 1.6% (\$14.5 million). This one time collection of revenue is not anticipated in FY11. Additionally, in light of current and future budget challenges, management implemented several cost savings and operating efficiency initiatives. The effect of these initiatives were partially realized in FY10 and will continue to be realized in FY11, thus allowing HCSD to better manage within the confines of budget reductions. As a result of these initiatives expenditures were lower

WWW.LSUHOSPITALS.ORG

than originally estimated by approximately 1.1% (\$9.9 million) less than budget. The \$9.9 million in realized savings combined with \$14.5 million from more aggressive revenue collections and unanticipated receipts resulted in a FY10 cash surplus. This surplus is being held in reserve in anticipation of a potential UCC payback once the FY10 cost reports are finalized.

Restricted Budget –

- A total of \$1.7 million in revenue was return MCL and EKL from the Office of Facility Planning & Control for unexpended funds associated with compete projects
- MCL received \$2.5 million in reimbursement from FEMA
- \$9.3 million in restricted fund were used to fund expenses related to the Electronic Health Records project
- HCSD made a \$11.8 million dollar payment to DHH for expense related to the EKL/OLOL collaboration
- \$12.9 million in restricted funds were used to pay down third party liabilities and related interest fees
- EKL spent \$3 million on a PET/CT system for the North baton Rouge Clinic

Budget Adjustments Narrative

Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.

1st Quarter :

- BA7#1 - \$166,895 - Carryforward of FY09 Interim Emergency Board Appropriation for LJCMC generator project.
- BA7#2 - \$370,000 - Carryforward of FY09 Overcollections Fund (Statutory Dedications) for LJCMC ring levee project.
- BA7#3 - \$1,340,419 - Carryforward of FY09 State General Fund for UMCLA Telehealth

2nd Quarter:

BA7#4 - \$1,340,419 - Redistributed BA7#3, which was a carry forward of FY09 State General Fund for University Medical Center of Lafayette Telehealth project, to four other hospitals participating in the Telehealth project:

Earl K. Long Medical Center in Baton Rouge	187,659
Lallie Kemp Medical Center in Independence	67,021
Leonard J Chabert Medical Center in Houma	321,701
W O Moss Medical Center in Lake Charles	227,871
University Medical Center in Lafayette	(804,252)
	<u>-</u>

3rd Quarter:

On March 10, 2010, the Division on Administration approved a midyear budget cut, agency BA7 #5. The cut reduced the hospital budgets as follows:

Earl K. Long Medical Center in Baton Rouge	1,125,083
University Medical Center in Lafayette	171,517
W O Moss Medical Center in Lake Charles	229,600
Lallie Kemp Medical Center in Independence	87,507
Washington St. Tammany Regional Medical Center	203,439
Leonard J Chabert Medical Center in Houma	219,115
Medical Center of LA at New Orleans	417,823
	<u>2,454,084</u>

Additionally, Lallie Kemp's other means of financing was increased by \$105,748 in order for the hospital to have sufficient spending authority to meet the requirements of their

4th Quarter:

In order to process payments for FY10 excess expenditure budget authority was moved among hospitals. The net effect of this movement for the system is zero.

Earl K. Long Medical Center in Baton Rouge	(1,500,000)
Lallie Kemp Medical Center in Independence	(500,000)
Washington St. Tammany Regional Medical Center	(1,000,000)
W O Moss Medical Center in Lake Charles	100,000
Medical Center of LA at New Orleans	2,900,000
	<u>-</u>

Report on changes to Significant Funding Issues

1st Quarter :

None to report this quarter.

2nd Quarter:

During the 2nd quarter, HCSD was apprised that it would have a mid-year budget cut of \$2.5 million, or 3.02% of its total State General Fund budget in accordance with Executive Order No. BJ 2009 – 21

HCSD submitted BA7#5 on January 11, 2010 for the mid-year budget cut.

The cuts include reductions to physician contracts by delaying or eliminating any new hires, some replacements, and some new positions.

The impact on these is that we'll continue to have long waits and ration care.

In some instances, we are actually decreasing payments to physicians or eliminating their positions.

University Medical Center in Lafayette has plans and agreement from two physicians to cancel their contract.

In these cases, we will decrease services that were previously performed by these practitioners.

The cuts also include discontinuing filling prescriptions and providing radiation treatment for prisoners. The Department of Corrections will have to pick up the cost.

It is unknown from a legal standpoint if it's permissive to delay elective procedures, but that's what would be required from a budget perspective.

The medication issue is that we would not pay for the drugs for prisoners. We can acquire them through our 340B pricing, but would expect DOC to reimburse us.

The specific effects of BA7#5 will be reported in the 3rd Quarter.

At this time it is unknown what impact the mid-year budget cut on DHH's budget will have on HCSD.

3rd Quarter:

BA-7 # was approved, which reduced the operating budget by \$2,454,084.

However, the original plan of reducing prisoners' drugs was not approved by the DOA. Therefore, several hospitals took a disproportionate share of the overall 3.02% cut. HCSD is currently working with the Division to realign these cuts so that each hospital will share the same percentage of the cut when compared to their overall general fund budget. The Division has agreed to include this realignment in the supplement bill. Upon approval of the supplemental bill, the cuts will be realigned as follows:

Earl K. Long Medical Center in Baton Rouge	665,701
University Medical Center in Lafayette	225,023
W O Moss Medical Center in Lake Charles	264,243
Lallie Kemp Medical Center in Independence	146,638
Washington St. Tammany Regional Medical Center	152,478
Leonard J Chabert Medical Center in Houma	198,316
Medical Center of LA at New Orleans	801,685
	<hr/>
	2,454,084

4th Quarter :

Overview of Unrestricted Revenues and Expenditures

Campus: Total All HCSD hospitals (excluding HCSD Admin)

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

1st Quarter :

As approved by the Commissioner of the Division Of Administration, HCSD draws its total State General Fund dollars in the 1st Quarter for cash flow purposes until receipt of the 1st Uncompensated Care Cost payment, which is not available until after the start of the Federal Fiscal Year, October 1st.

2nd Quarter:

HCSD received approximately 70% of its Uncompensated Care Cost (UCC) budget from the Department of Health & Hospitals (DHH) during this quarter.

These funds are placed in an escrow account in the State Treasury and drawn as needed for cash flow. During the 2nd Quarter, HCSD drew \$163 million (38%) UCC funds for operating cash, with \$130 million (30%) remaining in escrow.

Updated UCC schedules are being prepared to submit to DHH to draw additional UCC funds earned.

Early estimates of allowable UCC indicated that HCSD would earn \$11.9 million less than its \$424.6 million budget.

HCSD continues to monitor revenues and expenditures and expects to have sufficient cash receipts to cover cash expenditures, through a reduction of expenditures and increased

Expenditures are less than would be expected at 50% of the year as they are paid on a cash basis, and most payments are made approximately 30 days after the services/supplies are received.

3rd Quarter:

As of March, 2010 HCSD cash projections show a negative net position of \$16m. The main contributing factor to the projected deficit is a utilization shift from Uncompensated Care Cost to Medicaid. The projected deficit takes into account the UCC decline along with \$9m HCSD owes DHH for FY09 UCC payback, and assumes DHH will authorize a \$15.4m Medicaid Upper Payment Limit (UPL). Additional expenditure reductions this late in the fiscal year are not possible without having an adverse impact on patient care since this would result in services being reduced and/or eliminated. Thus, HCSD met with DHH in March to discuss payment of a FY09 outstanding cost report (\$48m total) to offset the projected FY10 deficit. DHH agreed to the \$15.4m UPL payment, but will only pay the federal portion of 80% of the cost report owed (\$30.5m). Further, DHH will offset the \$30.5m payment by the \$9m UCC payback and will retain \$5m to use as match for Medicaid payments. The net result is that HCSD will get a \$16m payment which puts the HCSD FY10 budget position at zero. In order for DHH to make these additional payments to HCSD, DHH requires an increase in budget authority and has submitted a BA7 for the May, 2010 JLCB meeting.

Overall the system is seeing a trend of utilization shift from UCC to Medicaid, and doing a better job of coordinating billing/collecting efforts. If the trend continues as expected, then the FY11 proposed budget for HCSD's Medicaid payments is understated by a conservative estimate of \$30m. HCSD is working with the Office of Planning and Budget to address the projected shortfall.

Note on expenditures: Other charges largely represents contracts. Historically, the majority expenses for the contracts occur in the last quarter of the fiscal year.

4th Quarter:

The FY10 cash surplus resulted from a combination of two factors. The first factor is due to more aggressive efforts to collect all available revenue. Additionally, HCSD received some one-time, unanticipated revenue, such as FEMA reimbursements for prior years' expenditures and Medicare cost reports. As a result, Means of Financing collections were higher than originally estimated by approximately 1.6% (\$14.5 million). This one time collection of revenue is not anticipated in FY11. Additionally, in light of current and future budget challenges, management implemented several cost savings and operating efficiency initiatives. The effect of these initiatives were partially realized in FY10 and will continue to be realized in FY11, thus allowing HCSD to better manage within the confines of budget reductions. As a result of these initiatives expenditures were lower than originally estimated by approximately 1.1% (\$9.9 million) less than budget. The \$9.9 million in realized savings combined with \$14.5 million from more aggressive revenue collections and unanticipated receipts resulted in a FY10 cash surplus. This surplus is being held in reserve in anticipation of a potential UCC payback once the FY10 cost reports are finalized.

1st Quarter :

Restricted Funds for HCSD includes prior years Overcollections & Surplus from operating budget, FEMA and other sponsored project revenues & expenses, Activities for the 1st Quarter includes Overcollections and Surplus Transfer from FY09 Operating Budget in the amount of \$2 million.

Expected revenues include anticipated reimbursements from FEMA of \$8,500,000. However, very little reimbursement has been received thus far.

1st Quarter FEMA reimbursement was approximately \$140,000 (excluding reimbursements from prior year expenditures received this year, which is in unrestricted operations) System Wide Group Purchasing Shareback and rebates were approximately \$.7 million.

2nd Quarter :

Medical Center of LA at New Orleans (Interim LSU Hospital) received approximately \$1 million PCASG grant funds.

HCSD Administration received approximately \$230,000 in SPNS and HCOF grants.

2nd Quarter FEMA reimbursement was approximately \$300,000 (excluding reimbursements from prior year expenditures received this year, which is in unrestricted operations)

3rd Quarter :

- Earl K. Long Medical Center received \$4,000,000 transfer from the Office of Facility Planning & Control for the University Hospital - Baton Rouge Capital Outlay Project. These funds will subsequently be
- Earl K. Long Medical Center received approximately \$864,000 transferred from the Office of Facility Planning & Control for funds previously transferred to OFPC for the EKL Surgery A/C Replacement
- System-wide rebates were \$800,000.
- Earl K. Long Medical Center and W O Moss Medical Center received Ryan White Grant reimbursements of approximately \$130,000 and \$250,000, respectively.

Overall, actual revenue/transfers received are slightly lower than expected due to slow reimbursement from FEMA.

4th Quarter :

\$4 million in revenue was returned to EKL for the Office of Facility Planning and Control (OFPC) to pay for expenses association with the EKL/Our Lady of the Lake (LOL) collaboration

A total of \$1.7 million in revenue was return MCL and EKL from the OFPC for unexpended funds associated with compete projects

MCL received \$2.5 million in reimbursement from FEMA

\$9.3 million in restricted fund were used to fund expenses related to the Electronic Health Records project

HCSD made a \$11.8 million dollar payment to DHH for expense related to the EKL/LOL collaboration

\$12.9 million in restricted funds were used to pay down third party liabilities and related interest fees

EKL spent \$3 million on a PET/CT system for the North baton Rouge Clinic
